## From Our President June 2021

Dear RMBCC Members:

Isn't it wonderful to start taking our masks off and feel a sense of the normal return!!

We have one event to report on and another to announce - - and an exciting project that has been in the works since last year.

*May 22, 2021*

Trick Dog and CGC Workshop

Did the Beardies and their humans have fun in May at Renee Jarrett's new training facility in Loveland Everything Dogs. *Please see the article with more details and pictures later in the newsletter.*

*August 29, 2021*

930 am – 1:00 pm

Annual RMBCC Picnic

Again, we're meeting at DeKoevend Park *[more details inside]* but starting a little earlier, if possible, just to avoid the August heat. As for COVID restrictions, use this statement for guidance, *"If you are not vaccinated, please follow current county recommendations (Arapahoe) for mask wearing"*.

The Board will provide a variety of sandwiches from Jimmy Johns, chips and cookies. Just bring some refreshments and plenty of water for the dogs. Also, for anyone with dietary restrictions not covered by the menu, please bring your own lunch, if desired.

Grooming Videos Now Available!!

Based on a member survey we started this project last year, but with the pandemic and its restrictions were not able to finish as soon as we hoped. BUT I have heard from the committee – Kathy Thomas, Becky Tupa and Mary Homan – that the videos are finished and now posted on the RMBCC website – [www.rmbcc.info](http://www.rmbcc.info) . Go to the Membership tab, click on Members Only and then Grooming.

Hosted by Jennie Smith, a master groomer in Loveland, Colorado, there are 16 topics covering everything from Tools and Products to Brushing Long Coat to Beardie Bathing Tips. You can watch the whole presentation lasting around 30 minutes or pick and choose those topics of most interest to you and your Beardie. Do check it out – so many excellent tips for grooming our dogs!

Look forward to seeing everyone in August!!

## **A VERY BIG THANK YOU TO THE GROOMING VIDEO COMMITTEE**

The RMBCC Board wants to recognize the three members of the Grooming Video Committee – Kathy Thomas, Becky Tupa, and Mary Homan – for the energy, effort and time they all spent on producing a most professional grooming video for the club. From choosing topics, to hiring Jennie Smith, a master groomer, to time spent filming and then editing the videos, the three did a fantastic job. All of us AND our Beardies will benefit from the information and tips covered.

## **NEED WEB ADMINISTRATOR**

After many years of being our web administrator and most recently updating the webpage, Meg Naylor has decided to step down from this responsibility. So, this is a Want Ad to our RMBCC members to hopefully find someone else who can take over for her.

The administration duties do not take a lot of time, but the key component of the job is being familiar with or willingness to learn WordPress - the program “behind” our web site. Meg will be happy to share the duties with anyone interested.

Check out the webpage at <https://rmbcc.info/>

Thanked Meg Naylor for her work in getting the webpage updated and allowing the club to have access in order to make changes/updates when needed.

**Updates to Constitution** – Nan outlined two issues which the Board is recommending two change in our Constitution. First - Removing the “100-mile radius” for regular members and replacing it with Colorado. ## Braggs and Wags

### Janet & Russ Kittel - Lexie

Lexie got her Level II American Herding Breed Association title in March, with a 2nd place finish in an all-Breed event in Arizona.

Lexie also got her Canine Good Citizen, Canine Good Citizen Advanced and Novice Trick Dog titles in May under our very own AKC Judge Renee Jarrett. Many thanks to Renee for hosting the club for this fun event at her brand new training facility.

# RMBCCC Beardie Works June 2021

## Kathy and Jon Zeschin - Keller and Merle

Keller passed his CGCA and CGCU tests and got his Trick Dog Novice and Trick Dog Intermediate Titles at the May RMBCCC Workshop. Merle passed his CGC test and got his Trick Dog Novice and Trick Dog intermediate Titles as well.

Thanks so much to our RMBCCC Member Renee Jarrett and the gang at her great new facility for making this most enjoyable and successful day possible.

## BJ and Steve Walker - Bryn and Cooper

Who says you can't teach an old dog new tricks? Bryn (13 1/2 years young) earned her AKC Advanced Tricks title at the RMBCCC tricks seminar at Renee's beautiful venue in Loveland. In the photo, Bryn is weaving around my legs as I walk. She absolutely loved learning new tricks, which meant a lot of treats! Learning and practicing the tricks gave her a job to do. Thanks to Renee for letting us use her facility and for running the seminar. And thanks to Nan for arranging. It was great fun!!

Cooper loves to show off. He learns so easily and could do even more than the 10 tricks required for the Intermediate title. But then came Show Time. And he froze. Being out with people and dogs after a year of going almost nowhere was so intimidating. But after a few tries, he was able to play with his interactive toy and weave through my legs (see photo). Then he realized he was to do his tricks! It was so good for his self confidence to show off in front of people and dogs. He had a blast. Thanks Renee and Nan for putting on the best Tricks Seminar yet!

# RMBCC Beardie Works June 2021

## Linda Abramczyk - Whiskey

Whiskey up here in Steamboat runs NADAC agility and has titled in Elite class in Tunnelers, Hoopers, Touch n Go, and Jumpers. I usually don't do brags since it's not AKC events, which most members do. Thanks, hope to see ya all at the picnic.

## Nan Matthews - Dulcie

On May 22, 2021 Dulcie (Woodsong I Have Dreamed Thee) earned her Advanced Canine Good Citizen title at the RMBCC Trick Dog and CGC Workshop. Dulcie was adopted when she was nine from her first family, and since joining Bailey and I in July 2018 has gotten her Novice Rally title and now the CGCA. She will be 13 in September which proves that Beardies can do anything at any age.

## Olivia Lazarus - Panda

GCHS CH Woodsong Pandemonium BN RM FDC CGCA CGCU TKI, Panda received her **Rally Masters Title** on Sunday June 13th.

# RMBCC Beardie Works June 2021

Paisley (Wigglesworth Daybar Groovy Kind Of Love RN HT FDC OA OAJ CGCA TKI) had some nice runs in agility and took 1st in both Novice FAST and with her relay team. She also was 1st place in Rally Advanced B.

Both girls took 2nd place in their conformation classes. A big THANK YOU to all who sent messages of congratulations! I really appreciate all the nice support from my RMBCC friends!

## Aunt Beardie

Aunt Beardie fields many questions about our beloved Bearded Collies. Recently when Aunt Beardie was asked about her advice on grooming, she wisely deferred to her people who knew a grooming expert. Aunt Beardie's people accepted the challenge and began working on it. Aunt Beardie's wise advice to her people was to create short videos by topic so specific grooming tips can be located quickly.

### **Beardie Grooming Tips Video NOW POSTED ON THE RMBCC WEBSITE!**

Have you ever been at the pet food store, training class, dog show, hotel or wherever you travel with your Beardie(s)? The questions, especially if your Beardie is in full coat, usually go something like: "Do you have to brush him a lot? Do they shed? How often do you have to brush her? Do you groom him yourself? Do they get matted? How do they see through all that hair?" These often follow; "What kind of dog is that?"

One day while several "human Beardie moms" were discussing the techniques each of us learned over 30 plus years of grooming our Beardies, we hoped that just maybe we could help other Beardie owners by sharing some grooming tips. As we shared our grooming nuggets that we had learned along the way, we quickly realized that we needed expert grooming advice if we were to actually be helpful to the new as well as the experienced Beardie owner. Ta-Da! Jennie Smith, Certified Master Groomer, Certified Grooming Instructor was the immediate and unanimous choice given her expertise and experience grooming Beardies.

We began to brainstorm the kinds of tips we needed to share. As a new owner starting out with a Beardie puppy grooming seems to be a no-brainer. Brushing that adorable puppy coat is a breeze compared to the adolescent coat when the undercoat balloons, the coat grows longer, and suddenly grooming is a full-time job with a million coat maintenance questions. Yes, we needed an expert to provide grooming techniques to solve the grooming needs of the growing puppy and the adult dog. A timely survey completed by RMBCC members added more grooming challenges to address in the videos.

Our list of grooming tips grew by the minute. How about: clearing mats, avoiding mats, ears, private parts, and those hairy, dinner plate-sized feet? We need to add caring for teeth, nails and so many more grooming tips. Oh, and remember to cover the perfect grooming tools and products. And what about the clipped Beardie coat that still needs grooming? The list grew but it was always intended to address the basic life-long task of grooming of the Bearded Collie; NOT how to groom the dog for the conformation dog show ring.

Jennie Smith, CMG, CGI, was the perfect answer to our list of grooming tips. The short, topic specific grooming videos produced explicitly for the RMBCC are the result of Jennie Smith's education, experience, grooming shop and school, her Beardie clients, and the grooming questions and challenges we all deal with to maintain our Beardie coats. The RMBCC hopes that members find the videos helpful and enjoyable. Videos were filmed in small segments to address and easily locate specific grooming issues that can be found in the RMBCC website.

## Beardie Minute

by Mike Tupa

Well, I'm not on track to come up with an interesting topic. Just days where the outside weather (too hot or too cold) keeps the brain inside, and the distractions further wear away the desire to accomplish things that are not critical or difficult. I'm not sure what others do when in this funk. I used to just take a break, go for a bike ride, go to Dairy Queen, get away from the office and flush my head to help the focus. But I am much older now and it's easier to flush my head and acquire a task to complete.

So, here's where a Beardie comes in. Our girl Abbey will check in with me occasionally. I once believed it was because my office is the (temp) coolest room in the house. She'd spread out on the linoleum and cool her belly while I clicked through my computer stuff. Life for a dog is seemingly easier, more directed but yet less planned. And maybe that's what I'm directing my life to be now in my "retired" years. Easier, directed and less planned.

Abbey is a relatively smart dog, by my standards. She knows how things unfold. Put on shoes, go down steps, pick up keys and she's waiting for me at the garage door ready for a car ride for coffee (and maybe a "pup-a-chino" if she can swing the "look" at the window). Over the years I have come to believe that my dogs, and maybe all dogs, certainly all Beardies, live in the moment. Shoes and keys equal a chance treat. She knows that picking up a stray wrapper on the floor and bringing it to one of us adults will get her a treat. So, she picks her moments each evening to do her errands. Something different happens and she is on alert, ready to tell us something is different. My phone buzzes when someone is at the door, or just walks by the front door. Abbey knows that with a couple earned responses someone may just BE AT THE DOOR and alerts me because she hears the phone buzz. Sometimes she's right but mostly wrong. That doesn't stop her from her barking alert. For her it's not something to watch for, just something to react to in the moment. I do love Beardies. They excel at this momentary awareness and surprise. The faintest rumble of thunder 25 miles away gives a bark built out of a low "WOOW-WOOW" but someone at the door is a short snap bark. One says it's out there, not sure what it is. And the other is a "I heard the buzz" alert bark meant to get us to react quickly. Smart dog. Now if only we could communicate with them and know the respond to those 12-15 excitement barks tell us about what she sees. Unfortunately, we just can't understand what she's saying and that is my frustration each day.

Well, my brain is flushed, time for dinner and some elbow nudging from Abbey to remind me that she is there ready for a small table scrap or an affectionate ear rub and pat on the back.

## RMBCCC Special Recognition Award

The Board of Directors for the RMBCCC has charged the Awards Committee with creation of a new award to honor beardies and/or members of our club that have accomplished something “special” over the past year. Members may nominate their own beardies or other members or their beardies. Some examples: rescue dogs who have overcome bad life experiences and are now serving as therapy dogs or working on AKC titles or simply have become wonderful companion animals; members who work with the rescue program; members who are going to nursing homes with their beardies; a dog that accomplished a special “feat” over the past year; or recognizing a member who goes above and beyond. These are just some examples and other situations may come to your mind. Please write a short nomination statement and submit it to Awards Chair Olivia Lazarus by July 30, 2021. This award will be presented at the annual meeting to be held during the picnic in 2021.

## RMBCCC Canine Good Citizen and Trick Dog Workshop

On a recent Saturday, 10 Beardies and their people gathered in Loveland for a day showcasing good manners and fun tricks. Hosted by Renee Jarrett and her partners at their wonderful new training facility Everything Dog, the morning kicked off with Beardies demonstrating their ability to be well rounded, polite community members in a variety of settings. Before breaking for lunch, 5 CGC, 5 CGCA and 2 CGCU tests had been passed by the group shown below.

In the afternoon, everyone polished their tricks with coaching and training hints from Renee and fellow club members. Then we were entertained as our fun-loving Beardies and their creative humans performed the tricks they had honed. At the end of the afternoon, numerous titles — Novice, Intermediate and even an Advanced Trick Dog — had been earned and much laughter and camaraderie shared.

Kudos and a big thank you to club member and evaluator extraordinaire Renee and her wonderful partners and staff. For more pictures and individual accomplishments, see “Braggs & Wags!”. Also, some “action shots” taken by Renee’s partner JoDee will be posted on the website in the near future.

[Please note that Renee sent us the information below before her training facility, Everything Dog, opened. Go to her website- [www.everythingdogco.com](http://www.everythingdogco.com) - for current detailed information on her upcoming classes and programs.]

Hi RMBCB Members,

I was asked to write up an exciting news item coming up soon. I have been a member of this club for lots of years and happy to see you all are still a part of a great club.

I have been doing dog training classes up here in Loveland for over 9 years and the place I was doing them closed that part. So 4 other women (that were and are clients and now good friends) decided that Northern Colorado needed to have a "dog mecca " center --- ha ha . So when the place closed, that pushed us into hunting a new place which we are doing right now in the Loveland area. The name of our business is EVERYTHING DOG L.L.C. We are finishing up our logo, website , deciding on classes , filing with the state and federal government . Hopefully I will be able to share where our place will be soon.

With 4 instructors we will be offering lots of classes -- Puppy Manners/STAR, Beyond Puppy , CCG and advance levels, Tricks , Rally signs and Rally drop in , 4 levels of Conformation ( the 4th one is for the mental requirements in the group rings --- when we have shows again ) , Impulse Control levels 1 and 2, Parkour, training from Sue Alsbey, Scent , Nose work , Farm dog , Massage , Eric Salas methods, help humans understand how dogs think, emotional intelligence for both parties, how dogs learn, cooperative care at the vets and groomers, dancing with your dog, beginning obedience BN through a CD etc.

Plus we hope to have health seminars, grooming seminars, breed matches, kennel meetings, renting our facility to work a dog, drop in rally and conformation and if we have outside room we would like to offer nose work, farm dog (even getting titles), general scent work, barn hunt and maybe even dock diving == this is depending on if we have enough outside area.

So, I hope to give out more information once we are set up in the Loveland area.

Renee Jarrett
